

Dear Parishioners,

Exciting times are upon us!

It was 20 years ago that All Saints became one parish. At that time, we envisioned three future phases to allow us to address the future needs of our community. The first phase was the building of our church which was completed in 2007. The second phase was the construction of the parish offices and social hall, which was finished in 2014.

The proposed third phase will allow us to build a Catholic School (enrollment of 176 students from 3K -8th grade) and Religious Education Center (registration of 146 students from 1st-10th grade) with a gymnasium alongside our church and social hall. We believe that now is the time to begin on this important initiative, and this is where we need your help!

Beginning this week, we will be conducting a comprehensive survey of the entire community. Each family in our All Saints community will receive a letter in the mail, along with a fact sheet about the project and details on how you can provide feedback. If you receive a phone call from parish staff or a volunteer about the planning study, please respond.

I believe that this process is extremely important for our children so that they continue to know, love, and serve God and our neighbor. Your input is valuable as we plan for the future of All Saints Catholic School and Religious Education Center.

God Bless,

Fr. John Silva, Pastor
